

## **INDOOR AIR QUALITY ASSESSMENT FOUNDERS SQUARE OFFICE COMPLEX, HALIFAX, NS**

Founders Square is a large multi-tenant complex in central Halifax. It is typical of many large office buildings with numerous tenants and a central mechanical ventilation system. **OCL Group** was contracted to assess IEQ in response to tenant complaints. After an evaluation, recommendations were provided and implemented to address issues identified. Tasks included detailed evaluation of two separate floors, identification of workplace issues, identification of remedial measures and follow-up testing.
