

STORA ENSO PORT HAWKESBURY ENVIRONMENTAL MANAGEMENT SEMINAR

The Stora Enso mill at Port Hawkesbury produces newsprint and supercalender papers. In 1999, the Corporation decided to implement an environmental management system for registry under ISO 14000. As part of that activity, the Mill retained **OCL Group** to develop and deliver a 3-hour “awareness and basic familiarity seminar on environmental management and EMS. The seminars were given to all 800+ employees in clusters of 30 participants per session.

Client: Stora Enso Port Hawkesbury Ltd.
